DATE

AN EVENT ON SELLING PRODUCTS & SERVICES TO THE GOVERNMENT

Wednesday, March 25, 2020

State Capitol Building
600 East Boulevard Avenue
Bismarck, ND 58505

The **FREE**, 8th Annual Government Procurement Fair:

- Connects companies interested in securing government contracts with agency representatives who make purchasing decisions;
- Presents opportunities for one-on-one meetings with federal and state agency representatives who can help you understand how much of a particular service or supply item their agency buys, and how those purchases are made;
- Provides an occasion to gather meaningful market intelligence if you are simply considering the opportunity to sell your products, services or construction to the government; and
- Features breakout sessions on topics critical to growing your business.

Even in this global economy, business is still conducted between people. Taking the time to make personal connections and market your firm's capabilities still matters!

Register Today: <https://ndptac.ecenterdirect.com/events/193>

Reasonable arrangements for persons with disabilities will be made if requested at least two weeks in advance. Contact Cathy Lindquist at 701-261-0737 or cathy.lindquist@und.edu.
