

On May 11, 2021, Robert E. Jones (Left Brain Professionals) will be presenting a webinar titled, "Presenting Accounting Information to Non-Accountants." As an accountant presenting financial information to non-accountants, it's important to take the approach that some of the accounting jargon you typically use around your peers may not be easily received by a non-accountant audience. In this webinar, Mr. Jones will discuss what should be shared with non-accountants in your organization and how to adjust your accounting presentation to fit this unique audience.

As a client of ND PTAC, you can attend this webinar at no cost to you. So, if you're interested in this topic, check out the details below and register today.
