

On May 18, 2021, Jenny Clark (Solvability LLC) will be presenting a webinar titled, "Financial Freedom Comes at a Price! It's Your Wrap Rate." Do you worry about how to price your services? Do you wonder if all of your costs are covered? Growing companies in federal contracting face this question all the time. A wrap rate is like a magic formula - unique to your company - that allows you to price low enough to win the contract and yet high enough to be profitable. In this webinar, Jenny Clark will explain the math behind determining your wrap rate and how to use it in your current projects and in future forecasting.

As a client of ND PTAC, you can attend this webinar at no cost to you. So, if you're interested in this topic, check out the details below and register today.
