

7(j) Management & Technical Assistance Training

On-Line Government Contracting Training

Month of September 2022

How it works

Just like a class you'd attend in person, courses are taught by a live instructor on a scheduled day and time. Students receive course materials in advance, participate in real time using a broadband connection and interact directly with the instructor and their peers

From your computer, you'll link to an instructor in a live, real-time, interactive learning experience. You'll become part of a virtual classroom where you can ask questions, seek guidance and participate in class discussions and interactive exercises.

Training is FREE to 7(j) eligible small businesses

Who can participate?

Small business owners who:

- are certified 8(a) participants
- have a HUBZone certified small business
- have an economically disadvantaged women-owned small business
- have a small business located in areas of high unemployment or low income
- have a small business owned by low income individuals

U.S. Small Business Administration
