

On July 7, 2022, Aliahu Bey (Haight Bey & Associates dba Totem Technologies) will be presenting a webinar titled “Evolving DoD Contractor Cybersecurity Requirements (2022 Update).” In this webinar, you will learn about Federal contractors’ basic cybersecurity requirements that must be implemented in their internal information technology (IT) systems that process Federal contract-related data. You will also learn about some of the implementation challenges and resources you can use to navigate the cybersecurity landscape.

As a client of ND PTAC, you can attend this webinar at no cost to you. If you are interested in this subject, check out the details below and register today
